

Acknowledgments

The editor would like to acknowledge the help of all involved in the collation and review process of the book, without whose support the project could not have been satisfactorily completed. A further special note of thanks goes also to all the staff at Idea Group, Inc., whose contributions throughout the whole process from inception of the initial idea to final publication have been invaluable. In particular to Amanda Appicello, Managing Editor, who continuously helped me via e-mail to keep the project on schedule and to Mehdi Khosrow-Pour, whose enthusiasm motivated me to initially accept his invitation for taking on this project.

To my family - Sharon, Michelle, Anthony, and Bob — for their support and encouragement.

And last, but not least, my mentor, James E. Goldman, whose leadership and guidance has been greatly appreciated.
