This book owes much to the encouragement and assistance of many people. First of all, I would like to thank Mauri Collins for her critical review and helpful feedback. I would also like to thank Kelee Plagis-Tsitsikaos and Manish Gupta for their review of several chapters.

I would also like to thank my well-wishers who believed in me and are very supportive of my ideas and visions, including: Joel Gamon, Development Manager and Lisandro Gonzalez, Production Assistant at IGI Global.

Finally, and most important, I thank my wife Komar Khan and my sons Intisar Sherwani Khan and Inshat Sherwani Khan for their continued support and encouragement.
