

Acknowledgment

We would like to express our gratitude to the thirty-six authors for their invaluable contributions. Their dedication to the subject of SME research is reflected in the quality of papers published in the book. We would also like to acknowledge the help of the sixteen expert reviewers involved in the double-blind review process for the fifteen chapters of the book, without whose support it could not have been completed.

We sincerely thank Christine Bufton, Kristin M. Klinger, Julia Mosemann, Jan Travers, Mehdi Khosrow-Pour, and other members of IGI Global, whose contributions throughout the process from the inception of the initial idea to the final publication have been invaluable.

Professor Pratyush Bharati acknowledges the love and encouragement of his spouse Padma, his mother, and his in-laws. Professor In Lee would like to thank his wife, Hwa Lee, for her support. Professor Abhijit Chaudhury is thankful to his wife Banani and his immediate family, Sidhartha, Monisha, Rupsa, and Aurelia, for their patience and support.
