

Acknowledgment

This book builds upon the collective effort of many researchers in the area of social interactive television. We are grateful to all those who have participated in previous conferences, workshops, panels, and informal discussions. We are especially grateful to the program committee members and participants of the series of workshops on social interactive television that were organized in conjunction with the EuroITV conference series. Finally, we wish to express our gratitude to the advisory board of this book, which was composed of the following eminent researchers:

- Anxo Cereijo Roibás – Vodafone, UK
- Nicolas Ducheneaut - Palo Alto Research Center, USA
- Ian Kegel - BT, UK
- Newton Lee - ACM, USA
- James Lull - San Jose State University, USA
- Kris Luyten – EDM, Belgium
- Daniel Salber – Joost, The Netherlands
