

# **Acknowledgments**

The editors would like to acknowledge the help of all involved in the collation and review process of the book, without whose support the project could not have been satisfactorily completed. A further special note of thanks goes also to all the staff at Idea Group Inc., whose contributions throughout the whole process, from inception of the initial idea to final publication, have been invaluable.

In closing, I wish to thank all of the authors for their insights and excellent contributions to this book. I also want to thank all of the people who assisted me in the reviewing process.

On behalf of the editors,
