

With all my heart, I dedicate this book to those people in my life who made my everyday learning worth learning: my parents Lev and late Tatiana Felman for their unconditional support, my grandparents, especially grandmother Alexandra Fedorovna Pestryakova for her amazing energy and keeping focus in life, my husband Dmitri Gavrilov for keeping me in focus, and my incredible sons, Andrei and Artemy, for being who they are.

I also would like to dedicate it to my teachers both at Lomonosov Moscow State University and University of Calgary for making learning a fun pastime, and my friends and colleagues in Russia, Canada, and around the globe for being unique and wonderful individuals.

It gives me a great pleasure to dedicate this book to my entire family, especially my wife, Nahid Sultana, and my sweet little daughter, Rushama Nahiyan, for their incredible love, prayers, enthusiasm, and encouragement. Without their support, it would not have been possible for me.
