Human Resources Management Solutions for Attracting and Retaining Millennial Workers

Part of the Advances in Human Resources Management and Organizational Development Book Series

Meng-Shan Tsai (Clouder Technology Inc., Taiwan)

Description:

The millennial generation is rapidly progressing in the workforce, which brings about new ways of working and managing efficiency in the workplace. This helps to provide a space that encourages the new ideals of millennials while also balancing the needs and desires of other generational employees.

Human Resources Management Solutions for Attracting and Retaining Millennial Workers offers an in-depth discussion on pivotal issues surrounding generational differences and management in the workplace. Features extensive coverage on relevant topics, such as training and development, promotions, salaries, and career progressions.

Readers:

This is a useful resource of academic material for practitioners, managers, professionals, and researchers who are seeking more information on the emergence of millennial employees.

Topics Covered:

- Career Development
- Employee Management
- Generation Gap
- Recruiting
- Salary
- Training and Development
- Workplace Benefits
