

Applied Metaheuristic Computing (IJAMC)

An official publication of
the Information Resources
Management Association

INTERNATIONAL JOURNAL OF

Applied Metaheuristic Computing

IGI PUBLISHING

Publisher of IT books, journals and cases since 1988
www.igi-global.com

ISSN: 1947-8283; EISSN: 1947-8291

Established 2010; Published Quarterly

Editor(s)-in-Chief: Peng-Yeng Yin (National Chi Nan University, Taiwan)

The **International Journal of Applied Metaheuristic Computing (IJAMC)** is a rigorous refereed journal that published high quality, innovative research on the latest developments, models, and applications within the transdisciplinary fields related to metaheuristic computing. Providing researchers, practitioners, and academicians with insight into a wide range of topics such as genetic algorithms, differential evolution, and ant colony optimization, this journal contains useful articles for those seeking to learn, analyze, improve, and apply technologies within metaheuristic computing.

Individual Pricing

Print + Free E-Access: **\$275.00**

E-Access + Free Print: **\$275.00**

Institution Pricing

Print + Free E-Access: **\$765.00**

E-Access + Free Print: **\$765.00**

Topics Covered:

- Ant Colony Optimization
- Applications of metaheuristic computing
- Bio-inspired algorithm
- Control systems
- Culture algorithm
- Cyber swarm algorithm
- Differential Evolution
- Distributed computing
- Ejection chain
- Evolutionary computation
- Foraging algorithm
- Genetic algorithm
- GRASP
- Greedy algorithm
- Hybrid method
- Hyper-heuristics
- Immune algorithm
- Local search
- Memetic Algorithm
- Metaheuristics in multiple environments
- Model-based metaheuristics (matheuristics)
- Modeling and analysis of metaheuristic computing
- Particle Swarm Optimization
- Path relinking
- Random optimization
- Scatter search
- Simulated annealing
- Soft computing
- Strategic oscillation
- Supply-chain management
- Swarm-based algorithm
- Tabu search
- Variable neighborhood search
- Very large scale metaheuristics

SUBMISSION INFORMATION

Prospective authors should note that only original and previously unpublished articles will be considered. INTERESTED AUTHORS MUST CONSULT THE JOURNAL'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at <http://www.igi-global.com/journals/guidelines-for-submission.aspx> PRIOR TO SUBMISSION. All article submissions will be forwarded to at least 3 members of the Editorial Review Board of the journal for double-blind, peer review. Final decision regarding acceptance/revision/rejection will be based on the reviews received from the reviewers. All submissions must be forwarded electronically.

All submissions and inquiries should be directed to the attention of:
Peng-Yeng Yin, pyyin@ncnu.edu.tw

All manuscript submissions to IJAMC should be sent through the online submission system:
<http://www.igi-global.com/authorseditors/titlesubmission/newproject.aspx>

EDITOR-IN-CHIEF BIO

Peng-Yeng Yin received his B.S., M.S. and Ph.D. degrees in Computer Science from National Chiao Tung University, Hsinchu, Taiwan. From 1993 to 1994, he was a visiting scholar at the Department of Electrical Engineering, University of Maryland, College Park, and the Department of Radiology, Georgetown University, Washington D.C. In 2000, he was a visiting Professor in the Visualization and Intelligent Systems Laboratory (VISLab) at the Department of Electrical Engineering, University of California, Riverside (UCR). From 2006 to 2007, he was a visiting Professor at Leeds School of Business, University of Colorado. And in 2015, he was a visiting Professor at Graduate School of Engineering, Osaka University, Japan. He is currently a Distinguished Professor of the Department of Information Management, National Chi Nan University, Taiwan, and he was the department head during 2004 and 2006, and the Dean of the office of R&D for the university from 2008 to 2012. Dr. Yin received the Overseas Research Fellowship from Ministry of Education in 1993, Overseas Research Fellowships from National Science Council in 2000 and 2015. He is a member of the Phi Tau Phi Scholastic Honor Society and listed in *Who's Who in the World*, *Who's Who in Science and Engineering*, and *Who's Who in Asia*. Dr. Yin has published more than 140 academic articles in reputable journals and conferences including *European Journal of Operational Research*, *Decision Support Systems*, *Annals of Operations Research*, *IEEE Trans. on Pattern Analysis and Machine Intelligence*, *IEEE Trans. on Knowledge and Data Engineering*, *IEEE Trans. on Education*, etc. He is the Editor-in-Chief of the *International Journal of Applied Metaheuristic Computing* and has been on the Editorial Board of *Journal of Computer Information Systems*, *Applied Mathematics & Information Sciences*, *Mathematical Problems in Engineering*, *International Journal of Advanced Robotic Systems*, and served as a program committee member in many international conferences. He has also edited four books in pattern recognition and metaheuristic computing. His current research interests include artificial intelligence, evolutionary computation, educational informatics, metaheuristics, pattern recognition, image processing, machine learning, software engineering, computational intelligence, and operations research.
