

Strategic Data-Based Wisdom in the Big Data Era

Part of the Advances in Knowledge Acquisition, Transfer, and Management (AKATM) Book Series

John Girard (Middle Georgia State College, USA), Deanna Klein (Minot State University, USA), and Kristi Berg (Minot State University, USA)

Description:

The ability to uncover, share, and utilize knowledge is one of the most vital components to the success of any organization. While new technologies and techniques of knowledge dissemination are promising, there is still a struggle to derive and circulate meaningful information from large data sets.

Strategic Data-Based Wisdom in the Big Data Era combines the latest empirical research findings, best practices, and applicable theoretical frameworks surrounding data analytics and knowledge acquisition.

Readers:

This book is an essential reference source for professionals and researchers working in the field of knowledge management who would like to improve their understanding of the strategic role of data-based wisdom in different types of work communities and environments.
