

Strategic Decision Sciences (IJSDS)

An official publication of
the Information Resources
Management Association

INTERNATIONAL JOURNAL OF

Strategic Decision Sciences

IGI PUBLISHING
Publisher of IT books, journals and cases since 1988
www.igi-global.com

ISSN: 1947-8569; EISSN: 1947-8577

Established 2010; Published Quarterly

Editor(s)-in-Chief: Madjid Tavana (La Salle University, USA)

The vast amount of information that must be considered to solve inherently ill-structured and complex strategic problems creates a need for tools and techniques to help decision makers recognize the complexity of this process and develop a rational model for strategy evaluation. The **International Journal of Strategic Decision Sciences (IJSDS)** is a double-blind refereed journal whose focus is to promote the infusion of strategic decision-making with the analytical methods. IJSDS distinguishes itself as a business journal with an explicit focus on analytical strategic decision-making. The journal provides a publication vehicle for theoretical and empirical research as well as real-world applications and case studies. Papers published in IJSDS should not only meet high standards of research rigor and originality in decision sciences, but also embrace strategic decision-making.

Individual Pricing

Print + Free E-Access: **\$260.00**

E-Access + Free Print: **\$260.00**

Institution Pricing

Print + Free E-Access: **\$730.00**

E-Access + Free Print: **\$730.00**

Topics Covered:

- Applied probability
- Artificial intelligence
- Assignment
- Benchmarking
- Branch and bound
- Business process reengineering
- Combinatorial optimization
- Complexity theory
- Cost benefit analysis
- Data envelopment analysis
- Data mining
- Decision analysis
- Decision Support Systems
- Distributed decision making
- Dynamic programming
- Expert systems
- Facilities planning and design
- Fuzzy Sets
- Genetic algorithms
- Geometric programming
- Global optimization
- Heuristics
- Integer programming
- Inventory and investment management
- Knowledge-based systems
- Large scale optimization
- Management
- Markov processes
- Multivariate statistics
- Network flows and Neural Networks
- Nonlinear programming
- Parametric programming
- Petri nets
- Project scheduling
- Quadratic programming
- Quality control and management
- Queuing
- Regression
- Risk analysis
- Robustness and sensitivity analysis
- Routing
- Stochastic programming
- Supply Chain Management
- Systems dynamics
- Tabu search
- Time series analysis
- Transportation management
- Travelling salesman
- Uncertainty modeling
- Utility theory

SUBMISSION INFORMATION

Prospective authors should note that only original and previously unpublished articles will be considered. INTERESTED AUTHORS MUST CONSULT THE JOURNAL'S GUIDELINES FOR MANUSCRIPT SUBMISSIONS at <http://www.igi-global.com/journals/guidelines-for-submission.aspx> PRIOR TO SUBMISSION. All article submissions will be forwarded to at least 3 members of the Editorial Review Board of the journal for double-blind, peer review. Final decision regarding acceptance/revision/rejection will be based on the reviews received from the reviewers. All submissions must be forwarded electronically.

All submissions and inquiries should be directed to the attention of:
Madjid Tavana, tavana@lasalle.edu

All manuscript submissions to IJSDS should be sent through the online submission system:
<http://www.igi-global.com/authorseditors/titlesubmission/newproject.aspx>

EDITOR-IN-CHIEF BIO

Madjid Tavana is Professor and Distinguished Chair of Business Systems and Analytics at La Salle University, where he served as Chairman of the Management Department and Director of the Center for Technology and Management. He is Distinguished Research Fellow at Kennedy Space Center, Johnson Space Center, Naval Research Laboratory at Stennis Space Center, and Air Force Research Laboratory. He was recently honored with the prestigious Space Act Award by NASA. He holds a MBA, PMIS, and PhD in Management Information Systems and received his Post-Doctoral Diploma in Strategic Information Systems from the Wharton School at the University of Pennsylvania. He is the Editor-in-Chief of *Decision Analytics*, *International Journal of Applied Decision Sciences*, *International Journal of Management and Decision Making*, *International Journal of Knowledge Engineering and Data Mining*, *International Journal of Strategic Decision Sciences*, and *International Journal of Enterprise Information Systems*. He has published 10 books and over 170 research papers in scholarly academic journals.
