The International Journal of Computer Vision and Image Processing (IJCVIP) provides the latest industry findings useful to academicians, researchers, and practitioners regarding the latest developments in the areas of science and technology of machines, imaging, and their related applications, systems, and tools. This journal contains unique articles of original, innovative research in computer science, education, security, government, engineering disciplines, software industry, vehicle industry, medical industry, and other fields.

**Topics Covered:**
- Algorithms
- Applications
- Computational Models
- Data structures and databases
- Identification
- Machine Intelligence
- Matching
- Motion
- Range
- Recognition
- Shape
- Systems and tools

**Indexed in:**
- IET Inspec

**SUBMISSION INFORMATION**
Prospective authors should note that only original and previously unpublished articles will be considered. Interested authors must consult the journal’s guidelines for manuscript submissions at www.igi-global.com/publish/resources prior to submission. All article submissions will be forwarded to the Editorial Review Board for double-blind, peer review.

All submissions and inquiries should be directed to the attention of:
Jose Garcia-Rodriguez, IJCVIP@igi-global.com
