Handbook of Research on Curriculum Reform Initiatives in English Education

Part of the Advances in Educational Technologies and Instructional Design Book Series

Christopher Denman (Sultan Qaboos University, Oman) and Rahma Al-Mahrooqi (Sultan Qaboos University, Oman)

Description:
Different regions of the world are making increasing demands for educational reform, especially when institutions are dissatisfied with the level of proficiency of their graduates. Since the realization of how important English education is to global success, reform to English education is becoming progressively vital in societies all over the world.

The Handbook of Research on Curriculum Reform Initiatives in English Education provides research exploring the theoretical and practical aspects of a variety of areas related to English education and reform, as well as applications within curriculum development and instructional design. Featuring coverage on a broad range of topics such as teachers’ roles, teaching methods, and professional development, this book is ideally designed for researchers, educators, administrators, policymakers, interpreters, translators, and linguists seeking current research on the existing body of knowledge about curriculum reform in English education in an international context.

Topics Covered:

- Accreditation
- Applied Linguistic Theory
- Curriculum Design
- Education Policy
- Education Reform
- Language Education Programs
- Multicultural Education
- Professional Development
- Students Engagement
- Teaching Methods
