Educational Technology Use and Design for Improved Learning Opportunities

Part of the Advances in Educational Technologies and Instructional Design Book Series

Mehdi Khosrow-Pour
(Information Resources Management Association, USA)

The rise of technology within educational settings has allowed for a substantial shift in the way in which educators teach learners of all ages. In order to implement these new learning tools, school administrators and teachers alike must seek new research outlining the latest innovations in the field.

Educational Technology Use and Design for Improved Learning Opportunities presents broad coverage of topics pertaining to the development and use of technology both in and out of the classroom. Including research on technology integration in K-12, higher education, and adult learning, this publication is ideal for use by school administrators, academicians, and upper-level students seeking the most up-to-date tools and methodologies surrounding educational technology.

Topics Covered:
- Adult Learning
- Blended Learning
- Distance Education
- E-Learning
- Educational Technology
- Higher Education
- Instructional Design
- K-12 Education
- Massive Open Online Course (MOOCs)

Print: US $215.00  |  Perpetual: US $325.00  |  Print + Perpetual: US $430.00

Market: This premier publication is essential for all academic and research library reference collections. It is a crucial tool for academicians, researchers, and practitioners. Ideal for classroom use.
