
Stephen Kwamena Aikins (University of South Florida, USA)

E-government promises efficient communication, streamlined operations, citizen involvement, improved services, and increased transparency. However, despite huge investments in e-government, evidence suggests numerous e-government projects are late, over budget, and inadequate.

Managing E-Government Projects: Concepts, Issues, and Best Practices collects the work of some of the best scholars and practitioners in the fields of e-government and project management, who explore how e-government projects can be managed, planned, and executed with effective project management techniques and methodologies. The chapters address theoretical, empirical, and practical concerns, explore factors affecting e-government projects’ successes and failures, and discuss existing best practices and their implications for local and national governance in developed and developing countries.

Topics Covered:
- Citizen Involvement
- E-Adoption
- E-Government
- E-Government Management
- E-Government Project Implementation
- Government Services
- Project Management
- Project Management in the Public Sector
- Project Management Techniques and Methodologies
- Public Accountability

Section 1: Conceptual Issues and Best Practices

Chapter 1
Organizational Change Contributions to E-Government Project Transitions
Goodyear Marilu (The University of Kansas, USA)

Chapter 2
Advancing Local E-Government
Streib Greg (Georgia State University, USA)

Chapter 3
Improving E-Government Project Management
Aikins Stephen Kwanena (University of South Florida, USA)

Chapter 4
Identifying and Managing Risks Inherent in e-Government Project Implementation:
Negrón Martin A. (Millennium Corporation, USA)
Taha Doaa (Independent Consultant, USA)
Brahimi Salah (Grey Matter International Ltd, USA)

Chapter 5
An Organizing Vision for E-Participation Projects in Africa
Ochara Nixon Muganda (University of Pretoria, South Africa)

Section 2: Managerial Challenges and Issues in E-Government Implementation

Chapter 6
Implementing Public Fiber-to-the-Home Network Projects:
Cole Roland J. (Sagamore Institute for Policy Research, USA)
Kurtz Jennifer A. (Regis University, USA)
Cole Isabel A. (Independent Document Specialist, USA)

Chapter 7
Implementing and Managing Public Library Networks, Connectivity, and Partnerships to Promote E-Government Access and Education
Bertot John Carlo (University of Maryland, USA)
Jaeger Paul T. (University of Maryland, USA)

Chapter 8
Managing in the Era of Digital Governance:
Johnson Craig L. (Indiana University, USA)
Kasio Sharon N. (Syracuse University, USA)
Pirog Maureen A. (Indiana University, USA)

Chapter 9
SCR-AN:
Deakin Mark (Edinburgh Napier University, UK)

Section 3: Case Studies of E-Government Project Implementation

Chapter 10
Success and Failure of Local E-Government Projects:
Abdelaham Hisham M. (Cairo University, Egypt)
Reddick Christopher G. (University of Texas at San Antonio, USA)
El Kadi Hatem A. (Cairo University, Egypt)

Chapter 11
e-Government Implementation in a Developing Country:
Hammer Marvine (LeaTech LLC, USA)
Negrón Martin A. (George Washington University, USA)
Taha Doaa (Independent Consultant, USA)
Brahimi Salah (Grey Matter International Ltd, USA)

Chapter 12
Open Innovation in the E-Government Strategy Planning:
Juntunen A.T. (University of Helsinki, Finland)

Chapter 13
E-Government and Transparency:
Cucciniello Maria (Bocconi University, Italy)
Nasi Greta (Bocconi University, Italy)
Saporito Raffaella (Bocconi University, Italy)
