Handbook of Research on Learning Outcomes and Opportunities in the Digital Age (2 Vols.)

Part of the Advances in Educational Technologies and Instructional Design (AETID) Book Series

Victor C.X. Wang (Florida Atlantic University, USA)

Description:
Education and learning opportunities bring about the potential for individual and national advancement. As learners move away from traditional scholarly media and toward technology-based education, students gain an advantage with technology in learning about their world and how to interact with modern society.

The Handbook of Research on Learning Outcomes and Opportunities in the Digital Age provides expert research relating to recent technological advancements, technology and learning assessments, and the effects of technology on learning environments.

Readers:
This publication is a crucial reference source for researchers, scholars, and professors in various fields.

Topics Covered:
- Career and Workforce Development
- Creating Opportunities
- Learning and Culture
- Learning and Economy
- Lifelong Learning and Technology
- New Brain Research
