# Information Resources Management Journal (IRMJ)

ISSN: 1040-1628; EISSN: 1533-7979

Established 1988; Published Quarterly

**Editor(s)-in-Chief:** George Kelley (University of Massachusetts, USA)

**The Information Resources Management Journal (IRMJ)** is an applied research, refereed, international journal providing coverage of challenges, opportunities, problems, trends, and solutions encountered by both scholars and practitioners in the field of information technology management. IRMJ emphasizes the managerial and organizational facets of information technology resources management. Articles published in IRMJ deal with a vast number of issues concerning usage, failure, success, policies, strategies, and applications of information technology in organizations. This journal presents the latest findings and expert opinions of leading information technology managers in various industries.

## EDITOR-IN-CHIEF BIO

Prof. George Kelley, Ph.D., has had a 30+ year dual-career in industry and academia. He has served as manager of information systems for publicly traded and private companies, with layered staff and capital and operating budget responsibilities, and has traveled widely nationally and internationally as a consultant for businesses and government entities. As a professor of management information systems at the University of Massachusetts, Boston, Prof. Kelley functions as an active research scholar and published author, journal article and book reviewer, teacher and mentor, and conference speaker and organizer. Prof. Kelley is a graduate of the University of California, San Diego State University, and Texas A&M University, and did his post-doctoral work at the California Institute Of Technology, Brookhaven National Laboratory, and the University Of Cincinnati.
