

Guest Editorial Preface

Special Issue on “Computers and Management”

C. P. Gupta, Department of Computer Engineering, Rajasthan Technical University, Kota, India

Nishtha Kesswani, Central University of Rajasthan, Ajmer, India

It is a great matter of pleasure for us to bring this second part of special issue of “International Journal of Business Data Communication Networks (IJBDCN)” covering the Nine relevant papers of “International Conference on Computers and Management (ICCM) 2016” that was organized in Kota (Rajasthan) India:

1. MAQ: A Mobile Agent Based Quality of Service Platform for MANETs
2. A Survey on Synchronization Approach in MAC Layer Protocols
3. Secure Buffer-Based Routing Protocol for WMN
4. Performance Evaluation of VM Placement Using Classical Bin Packing and Genetic Algorithm for Cloud Environment
5. Mathematical Model for Cyber Attack in Computer Network
6. Modification of Traditional RSA into Symmetric-RSA Cryptosystems
7. A Secure and Robust Three-Factor Based Authentication Scheme Using RSA Cryptosystem
8. Cryptanalysis and Security Enhancement of Three-Factor Remote User Authentication Scheme for Multi-Server Environment
9. Multi-Modal Biometric Authentication and Secure Transaction Operation Framework for E-Banking

The papers presented in the ICCM 2016 went through strict refereeing and examination resulting in a current rejection rate of 57.6%. We are delighted to say that this is in no small part due to the hard work the editorial board and reviewers, in not only refereeing the papers submitted but raising the standard of the quality of papers that we will publish.

Last but not the least, as the guest editor of ICCM 2016 submissions, we are thankful to people who have worked with us in planning and organizing both technical arrangements. In particular, we are thankful to program chairs for their support; the program committee for their timely reviewing of papers.

Hope that the quality research work published in this issue will be able to serve something new to Humanity and Science.

Dr. C P Gupta

Dr. Nishtha Kesswani
