

INTERNATIONAL JOURNAL OF DECISION SUPPORT SYSTEM TECHNOLOGY

July-September 2012, Vol. 4, No. 3

Table of Contents

SPECIAL ISSUE ON NETWORKING DECISION MAKING AND NEGOTIATION (PART 2)

GUEST EDITORIAL PREFACE

- i *Fátima Dargam, Institute of Logic, Philosophy and Theory of Science, Brazil, & SimTech
Simulation Technology, Austria*
Boris Delibašić, University of Belgrade, Serbia
Jorge E. Hernández, University of Liverpool, UK
Shaofeng Liu, Plymouth University, UK

RESEARCH ARTICLES

- 1 **Decision Making Modeled as a Theorem Proving Process**
Jacques Calmet, Karlsruhe Institute of Technology, Germany
Marvin Oliver Schneider, Business School São Paulo, Brazil
- 12 **A Regression Dependent Iterative Algorithm for Optimizing Top-K Selection in
Simulation Query Language**
Susan Farley, George Mason University, USA
Alexander Brodsky, George Mason University, USA
Chun-Hung Chen, National Taiwan University, Taiwan
- 25 **Distributed Manufacturing Networks: Optimization via Preprocessing in Decision
Guidance Query Language**
Nathan Egge, George Mason University, USA
Alexander Brodsky, George Mason University, USA
Igor Griva, George Mason University, USA
- 43 **Optimizing Procurement Decisions in Networked Virtual Enterprises**
Amihai Motro, George Mason University, USA
Alexander Brodsky, George Mason University, USA
Nathan Egge, George Mason University, USA
Alessandro D'Atri, Luiss Guido Carli University, Italy
