Drs. Sherin Zafar, Raghvendra Kumar, Vishal Jain, and Neha Bansal edited the special issue on *Big Data Searching, Mining, Optimization & Securing (BSMOS) Peer to Peer Cloud Based Networks*. Two papers- 'An Insight into State-of-the-Art Techniques for Big Data Classification' and 'Evaluation of Recurrent Neural Network and its Variants for Intrusion Detection System (IDS)- were acquired by the guest editors who also put these papers under review. Please accept our sincerest thanks for these efforts.
