

Editor's Note

Remigijus Gustas, Karlstad University, Karlstad, Sweden

Vladlena Benson, University of West London, London, UK

Drs. Nilanjan Dey and Surekha Borra edited the special issue on *Data Privacy, Security and Piracy*. Two papers, 'IDS using Reinforcement Learning Automata for preserving security in Cloud Environment' and 'Watermarking Scheme with CS Encryption for Security and Piracy of Digital Audio Signals,' were acquired by the guest editors who also put these two papers under review. Please accept our sincerest thanks for these efforts.
