Multimedia Systems and Content-Based Image Retrieval

Table of Contents

Preface ........................................................................................................................................... vi
   Sagarmay Deb, University of Southern Queensland, Australia

SECTION I: AN INTRODUCTION TO MULTIMEDIA SYSTEMS AND CONTENT-BASED IMAGE RETRIEVAL

Chapter I. Multimedia Systems and Content-Based Image Retrieval ....................................... 1
   Sagarmay Deb, University of Southern Queensland, Australia

SECTION II: MULTIMEDIA STRUCTURES AND SECURITY

Chapter II. A Duplicate Chinese Document Image Retrieval System Based on Line Segment Feature in Character Image Block ................................................................. 14
   Yung-Kuan Chan, National Huwei Institute of Technology, Taiwan
   Tung-Shou Chen, National Taichung Institute of Technology, Taiwan
   Yu-An Ho, National Taichung Institute of Technology, Taiwan

Chapter III. Technology of Music Score Watermarking ......................................................... 24
   M. Monsignori, University of Florence, Italy and EXITECH, Italy
   P. Nesi, University of Florence, Italy
   M. Spinu, University of Florence, Italy and EXITECH, Italy

Chapter IV. Face Recognition Technology: A Biometric Solution to Security Problems .............. 62
   Sanjay K. Singh, Purvanchal University, India
   Mayank Vatsa, Purvanchal University, India
   Richa Singh, Purvanchal University, India
   K. K. Shukla, Institute of Technology (IT-BHU), India
   Lokesh R. Boregowda, Honeywell SSL, India
SECTION III: MULTIMEDIA ACCESS AND Feature EXTRACTION TECHNIQUES

Chapter V. Histogram Generation from the HSV Color Space Using Saturation Projection ................................................................. 101
   Shamik Sural, Indian Institute of Technology, India

Chapter VI. Video Content-Based Retrieval Techniques ............................................. 114
   Waleed E. Farag, Indiana University of Pennsylvania, USA
   Hussein Abdel-Wahab, Old Dominion University, USA

SECTION IV: MULTIMEDIA CONTENT ANALYSES

Chapter VII. Object-Based Techniques for Image Retrieval ........................................ 156
   Y. J. Zhang, Tsinghua University, China
   Y. Y. Gao, Tsinghua University, China
   Y. Luo, Tsinghua University, China

Chapter VIII. Object-Based Video Analysis and Interpretation ................................... 182
   Ying Luo, University of Washington, USA
   Jeng-Neng Hwang, University of Washington, USA
   Tzong-Der Wu, Chinese Culture University, Taiwan

SECTION V: MULTIMEDIA INDEXING TECHNIQUES

Chapter IX. Advances in Digital Home Photo Albums ............................................. 201
   Philippe Mulhem, IPAL-CNRS, Singapore
   Joo Hwee Lim, Institute for Infocomm Research, Singapore
   Wee Kheng Leow, National University of Singapore, Singapore
   Mohan S. Kankanhalli, National University of Singapore, Singapore

Chapter X. Algorithm for the Retrieval of Image with Emergence Index in Multimedia ........................................... 227
   Sagarmay Deb, University of Southern Queensland, Australia
   Yanchun Zhang, Victoria University of Technology, Australia

SECTION VI: CONTENT-BASED AND SEMANTIC SEARCH AND RETRIEVAL METHODS

Chapter XI. An Efficient Content-Based Retrieval System for Large Image Database ........................................ 249
   Ching-Sheng Wang, Aletheia University, Taiwan
   Timothy K. Shih, Tamkang University, Taiwan
Chapter XII. A Spatial Relationship Method Supports Image Indexing and Similarity Retrieval ................................................................. 277
Ying-Hong Wang, Tamkang University, Taiwan

Chapter XIII. A Stochastic and Content-Based Image Retrieval Mechanism .................................................................................. 302
Mei-Ling Shyu, University of Miami, USA
Shu-Ching Chen, Florida International University, USA
Chengcui Zhang, Florida International University, USA

SECTION VII: DYNAMIC USER INTERFACE

Chapter XIV. Mind the Gap: Content-Based Image Retrieval and the User Interface ........................................................................... 322
Colin C. Venters, University of Manchester, UK
Richard J. Hartley, Manchester Metropolitan University, UK
William T. Hewitt, University of Manchester, UK

Chapter XV. Face Animation: A Case Study for Multimedia Modeling and Specification Languages .................................................. 356
Ali Arya, University of British Columbia, Canada
Babak Hamidzadeh, University of British Columbia, Canada

About the Authors .......................................................................................................................... 376

Index .................................................................................................................................................. 385
