# Table of Contents

Foreword .............................................................................................................................................. xv

Preface ................................................................................................................................................ xvii

Section 1  
Integrity and Trust: Core Values in Research Ethics

Chapter 1  
From the Ethics of the Research Project to the Ethical Communication of Science: Particularities in the Social and Humanistic Fields ................................................................. 1  
  Antonio Sandu, University of Suceava, Romania & LUMEN Research Center in Social and Humanistic Sciences, Romania

Chapter 2  
Research Integrity Dissemination System: “Science RIDS of Misconduct” .......................... 43  
  Artem Artyukhov, Sumy State University, Ukraine  
  Tetyana Vasilyeva, Sumy State University, Ukraine

Chapter 3  
Relevance and Importance of Ethics in Post-Grad Research at South African Universities ........ 75  
  Vannie Naidoo, University of KwaZulu-Natal, South Africa

Chapter 4  
Comparative Analysis of the Codes of Ethics in Top Universities in Romania ....................... 88  
  Tomita Ciulei, Valahia University of Targoviste, Romania

Chapter 5  
The Effects of the “Publish or Perish Syndrome” on Research and Innovation in Nigerian Universities: Insights From Recent Research and Case Studies ................................................................. 93  
  Floribert Patrick C. Endong, University of Calabar, Nigeria
Section 2
Ethics of Research With Human Subjects

Chapter 6
Vulnerability in Research: Defining, Applying, and Teaching the Concept ........................................ 110
Sana Loue, Case Western Reserve University, USA
Bebe Loff, Monash University, Australia

Chapter 7
Addressing Research Ethics in Clinical Trials in Four of the Former Communist European Countries: A Shared Responsibility ........................................................................................................ 127
George Florian Macarie, University of Medicine and Pharmacy “Carol Davila” Bucharest, Romania
Ana Voichita Tebeanu, University Politehnica of Bucharest, Romania

Chapter 8
Risk-Benefit Evaluation in Clinical Research Practice .............................................................................. 148
Samia Hassan Rizk, Cairo University, Egypt

Chapter 9
Informed Consent in Research Involving Human Subjects ........................................................................... 171
Antonio Sandu, University of Suceava, Romania & LUMEN Research Center in Social and Humanistic Sciences, Romania
Ana Frunza, LUMEN Research Center in Social and Humanistic Sciences, Romania

Chapter 10
Personhood, Cultural Ethics, and Biomedical Research: African vs. Euro-American Perspectives ........................................................................................................ 192
Ike Valentine Iyioke, University of Michigan – Flint, USA

Chapter 11
The Ethics of Risk in Psychiatry: The Interplay Between Risk and Probability ........................................ 209
Jean Pierre Clero, Universite de Rouen, France

Chapter 12
Ethical Issues in Couple and Family Research and Therapy ...................................................................... 226
Maria Nicoleta Turliuc, Alexandru Ioan Cuza University, Romania
Octav Sorin Candel, Alexandru Ioan Cuza University, Romania
Section 3
Ethical Evaluation of Technologies and Responsibility Toward Their Implications for Humankind

Chapter 13
The Ethics of Embryonic Stem Cells Research: The Human Being in the Early Stages of Development – A “Medicine” or an End in Itself? ................................................................. 244
Alexandra Huidu, University of Oradea, Romania & LUMEN Research Center in Social and Humanistic Sciences, Romania

Chapter 14
Tailoring Humans: The Ethics of Genetic Engineering ................................................................. 264
Alexandra Huidu, University of Oradea, Romania & LUMEN Research Center in Social and Humanistic Sciences, Romania

Chapter 15
AIRSE: The Ethics of Artificially Intelligent Robots and Systems ........................................... 283
Bogdan Popoveniuc, Stefan cel Mare University of Suceava, Romania

Chapter 16
White-Collar Criminals and Organizational Criminology: Theoretical Perspectives .............. 296
Seçil Taştan, Marmara University, Turkey

Compilation of References ........................................................................................................... 323
