# Table of Contents

**Preface** ................................................................................................................................................... xiv

**Chapter 1**
DSS-CMM: A Capability Maturity Model for DSS Development Processes ............................................ 1
  *Omar F. El-Gayar, Dakota State University, USA*
  *Amit V. Deokar, Dakota State University, USA*
  *Jie Tao, Dakota State University, USA*

**Chapter 2**
  *S. Vallance, DePuy International, UK*
  *A. Duffy, University of Strathclyde, UK*
  *R. I. Whitfield, University of Strathclyde, UK*
  *K. Mendibil, University of Strathclyde, UK*
  *A. Hird, DePuy International, UK*
  *J. McCabe, DePuy International, UK*
  *N. Turner, DePuy International, UK*

**Chapter 3**
  *Manuel Mora, Universidad Autónoma de Aguascalientes, Mexico*
  *Fen Wang, Central Washington University, USA*
  *Ovsei Gelman, Universidad Nacional Autónoma de México, Mexico*
  *Miroljub Kljajic, University of Maribor, Slovenia*

**Chapter 4**
Ontology Engineering: The “Whats,” “Whys,” and “Hows” of Data Exchange ........................................ 72
  *J. M. Easton, University of Birmingham, UK*
  *J. R. Davies, University of Birmingham, UK*
  *C. Roberts, University of Birmingham, UK*
Chapter 5
Using Social Network Analysis to Support Collective Decision-Making Process ........................................ 87
Simon Buckingham Shum, The Open University, UK
Lorella Cannavacciuolo, University of Naples Federico II, Italy
Anna De Liddo, The Open University, UK
Luca Iandoli, University of Naples Federico II, Italy
Ivana Quinto, University of Naples Federico II, Italy

Chapter 6
Social Media in DMSS System Development and Management ................................................................. 104
Daniel E. O’Leary, University of Southern California, USA

Chapter 7
Automated Diagnosis through Ontologies and Logical Descriptions: The ADONIS Approach ........ 117
Alejandro Rodríguez-González, Universidad Carlos III de Madrid, Spain
Ángel García-Crespo, Universidad Carlos III de Madrid, Spain
Ricardo Colomo-Palacios, Universidad Carlos III de Madrid, Spain
José Emilio Labra Gayo, Universidad de Oviedo, Spain
Juan Miguel Gómez-Berbís, Universidad Carlos III de Madrid, Spain
Giner Alor-Hernández, Instituto Tecnológico de Orizaba, Mexico

Chapter 8
Discrepancies and Analogies in Artificial Intelligence and Engineering Design Approaches in
Addressing Collaborative Decision-Making ........................................................................................................ 135
Marija Jankovic, Ecole Centrale Paris, France
Pascale Zaraté, Toulouse University, France

Chapter 9
Decision Support for Crisis Incidents ........................................................................................................... 149
Daniel J. Power, University of Northern Iowa, USA
Roberta M. Roth, University of Northern Iowa, USA
Rex Karsten, University of Northern Iowa, USA

Chapter 10
Visualization-Based Decision Support Systems: An Example of Regional Relationship Data .......... 162
Vicki L. Sauter, University of Missouri - St. Louis, USA
Srikanth Mudigonda, St. Louis University, USA
Ashok Subramanian, University of Missouri - St. Louis, USA
Ray Creely, Consultant, USA

Chapter 11
Strategic Development of a Decision Making Support System in a Public R&D Center ................... 181
Carlos E. Escobar-Toledo, Universidad Nacional Autónoma de México, Mexico
Héctor A. Martínez-Berumen, Universidad Nacional Autónoma de México and CIATEQ, Mexico
Chapter 12
Understanding Organisational Decision Support Maturity: Case Studies of Irish Organisations ...... 194
  Mary Daly, University College Cork, Ireland
  Frederic Adam, University College Cork, Ireland

Chapter 13
Development and Application of a Spreadsheet-Based Spatial Decision Support System (SDSS) .................................................................................................................... 216
  Dossay Oryspayev, University of Northern Iowa, USA
  Ramanathan Sugumaran, University of Northern Iowa, USA
  John DeGroote, University of Northern Iowa, USA

Chapter 14
Extended TOPSIS with Correlation Coefficient of Triangular Intuitionistic Fuzzy Sets for Multiple Attribute Group Decision Making ..................................................... 230
  John P. Robinson, Bishop Heber College, India
  Henry E.C. Amirtharaj, Bishop Heber College, India

Chapter 15
Hierarchical Database Model for Querying Economic Network Independence Distribution .......... 259
  Akinwale Adio Taofiki, University of Agriculture, Abeokuta, Nigeria

Chapter 16
One-Dimensional Cutting Stock Optimization with Usable Leftover: A Case of Low Stock-to-Order Ratio ............................................................................................................. 269
  Miro Gradisar, University of Ljubljana, Slovenia
  Jure Erjavec, University of Ljubljana, Slovenia
  Luka Tomat, University of Ljubljana, Slovenia

Compilation of References ........................................................................................................ 282

About the Contributors ............................................................................................................. 308

Index ..................................................................................................................................... 319
